About me

I am a final year undergraduate student pursuing a B.Tech in Computer Science Engineering from the Institute of Engineering Science IPS Academy, Indore. I have an interest in coding and problem solving. I have also learned Web Development.

Education

Institute of Engineering and Science, IPS Academy Indore

B.tech in Computer Science

CGPA:- 9.31 (till 6th Sem)

Indore, M.P.

july 2020- june 2024

Internship

C-Cube Club

Front-end Developer | Certificate

Rourkela, India

june 2022 - july 2022

- Collaborated with a four-person team to develop a Website for C-cube club. So members can see the upcoming and previous events. The club organizes coding contests in website for students.
- The Web-Page is fully responsive for all the screen size and device. In Website all the details of the club is present.
- My contribution in the project is to built the front-end of the website by using HTML, CSS, Bootstrap.
- Technical Skills:** C++, HTML, CSS, Bootstrap, JavaScript.
- Soft Skills:** Teamwork, Time Management, Communication, Presentation skills.

Projects

IOT Based Chemical Level Detector and Supply Controller | LINK

IPS ACADEMY

Indore, M.P.

Feb 2023 - Apr 2023

- Detect hazard chemicals level and send data to server. By the server we can see the level on the website remotely.
- This also gives functionality to set max/min level to control the overflow and underflow. User also control the supply by the website remotely.
- Our project take part in 4th National Conference on Advances in Chemical Engineering and Science (ACES-2023). Our Project secured 2nd rank in UDAAN-2023 competition.
- Technical Skills:** HTML, CSS, Tailwind, JavaScript, IOT, Arduino IDE, Overleaf, LaTeX.
- Soft Skills:** Time Management, Teamwork, Presentation skills, Report writing.

KEEPER APP | LINK

IPS ACADEMY

INDORE, M.P.

Nov 2022 - Dec 2022

- User can create its important and useful notes here, save them and use anytime.
- Notes are created by user and also user can delete them any time as per their use.
- This project is developed live on internet using heroku.
- Technical Skills:** Front-End, React.js, heroku.
- Soft Skills:** Leadership, Teamwork, Logical Thinking.

Skills

Languages C/C++, HTML, CSS, JavaScript

Tools VS Code, Git, Netlify.

Frameworks Bootstrap, jQuery.

Soft Skills Time Management, Teamwork, Problem-solving, Documentation, Engaging Presentation.

Achievements

May, 2023 **Secured 580 marks in**, Co-Cubes Test

Currently **2 Star at**, Codechef

Currently **Global Rank 88 in**, Codechef January Long Challenge

Currently **3 Star at**, LeetCode

Currently **Solved 550+ Problems at**, LeetCode

Currently **Top 10 Rank in Institute at**, GEEKSFORGEEKS

Currently **Solved 500+ Problems at**, GEEKSFORGEEKS

Currently **6 Star Rating on Problem Solving at**, HackerRank
